

Shade
environment
leisure

2 Rose Avenue
Macedon 2463
7-2-03

Dear Mayor
Please reconsider your plan of cutting
the trees down for the reason of
shade, environment and leisure

Trees are part of the environment
and if we cut all the trees
down what will we have left
and the local environment is so beautiful it
would be a shame to cut it down.

Also you shouldn't cut the trees down for the
shade, The shade is used by people and cars
because I love using trees to have a shady
picnic under and the trees are also good
for parking cars under.

The trees also shouldn't be cut down because
I love using trees for leisure. Like as
a kid I love climbing trees, and if
we cut the trees down what have
the kids of the future got to look
forward to.

In conclusion to ~~reconsider~~ ~~about~~ please reconsi-
der your plan of cutting down the trees.

Yours sincerely
